EDITORIAL COMMENT. GENERAL NEWS

WHISKIES, A BILL has been introduced in Congress to allow persons charged with crime, to testify in their own cases. The law should pass, and every State should pass a similar Statute.

THE break in the new direct ocean cable some weeks since, was speedily GINS, TOBACCO, CIGARS repaired. Such are the facilities for this kind of work, that telegraph lines can be mended when under water, as readily as those on land.

> That Mississippi Senator who re-turned his free pass to the railroad company, with his compliments, should have been in the Kentucky Senate, to tell the majority of its members who voted in favor of dead-head-ism, how improper it was in them to do so.

Casting aside the good old time school books, such as the Geographies, Grammars and Arithmetics, for new and untried kinds, is an evil which should be abuted. It is done in the \$6,000 a year to the church. interest of favored publishers, and there is something venul about it.

We have no doubt that one half, if not more, of the preachers and physicians of the State are ignorant of the Registration law passed at a former session of the Legislature. They would do well to consult some lawyer or the General Statutes of the State on the

STRIKE while the iron is hot, is old maxim. Now, that the people of this State are properly excited on the subject of fish culture, and our Legisture has the subject under considera tion, we hope sincerely that such a law will be passed as will insure the protection of fish in all of our streams, Let such a law be enacted as will in-Accommodation for Drovers sure their protection, even though im-

In Paris, France, physicians who are willing to be called at night, register their names at Police Stations, and when one is required the caller applies there, the doctor is paid in advance by CRAB ORCHARD HOTEL to refund the money to the city, do so, but the poor are thus attended free. The custom, or law, is excellent and humane, and it is worthy of adoption in all large cities, where strangers, expecially, often desire the services of a and reliable means of calling.

But for the torpedo service of our contry, our coast cities and towns, would be at the mercy of the merciles CARPENTER HOUSE, Spanish Navy, in case of a war. Such however, is the effectiveness of that service, that it would be impossible for the largest Naval force of the lavishly used by them. world to enter any of our harbors where torpedo boats lie in readiness, or tor-
